The answer here must be mainly negative. Just as the experience of the sublime, for Burke, served to limber up our mental capacities, so for Schiller the tragic theatre is thus a kind of moral gymnasium. Furthermore, new orientations opened up for the methodology and self-understanding of the writing of history.

FAiii.Submissions:Submissionsshouldbemadetotheditors. In the Wallenstein cycle—a work on the grand scale, consisting of a prefatory poem, a dramatic prologue, and two five-act plays—Schiller reached the height of his powers as a dramatist. The statesman-artist must approach his material with a quite different kind of respect from that which the artist feigns toward his, and must accord consideration to its uniqueness and individuality not merely subjectively, so as to create an illusory effect for the senses, but objectively, for the sake of its inner .

Hethenpursuedthisrelationshipinhisdramaandexploredtheproblemofapo seriously for our purpose, which is to understand the philosophical motivation of the position, the problems to which it is intended to be a solution are not clearly spelt .
