Mikkelson, G. In the UK, around 60 per cent of the population do not undertake sufficient physical activity to maintain good health recommended as 30 minutes of moderate activity at least 5 days a week. Costanza, R. Schopp-Guth, A. Currently, the rapid rate of land-use and resource-change taking place, particularly in many tropical countries, increases the need to act fast to secure strong protected area networks. Contributors xiii Edgardo Tongson has more than a decade of work experience in conservation and natural resources management. Bovarnick, A. Rodrigues, A. These positive links, which are beginning to be recognized in the scientific literature and environmental and health policy around the world, continue to be undermined by habitat destruction and loss.
