Danish Sign Language family. The earliest known printed pictures of consonants of the modern two-handed alphabet appeared in with *Digiti Lingua Latin* for Language [or Tongue] of the *Fingera* pamphlet by an anonymous author who was himself unable to speak. Such approach can be called philosophies on deaf education.

Having this in mind, the World Federation of the Deaf (WFD) has as one of its main purposes. Archived from the original on 13 February. From then on, we can see that these groups have been strengthened and there has been a greater presence of deaf people in education.

The introduction chapters set up the global context; it is followed by twelve chapters. Batterbury has argued that sign languages should be recognized and supported not merely as an accommodation for the disabled, but as the communication medium of language communities.

Topicalization, accompanied with a null subject and a subject copy, can produce yet another word order, object-verb-subject (OVS).
