Before this I've only read his Truman and Adams biography, and I think his skills as a writer and a historian are much more well suited for a social history such as. And, ignoring the warning signs in the natural environment can spell out disaster for any community. He tells this story with such detail and authenticity, and yet makes it compelling, harrowing even, and utterly human. WanttoReadsaving... The nation was moved by the tragedy that struck the people of Johnstown, and as result, the media sensationalized what happened, and demonized the members of the South Fork Fishing and Hunting Club. Ruff to oversee the repairs to the dam. Whatamagnificentstoryofimpendingdoom,allthatcouldbeeasilyavoidedv did a fantastic job of setting the time and the place, leading you into these people's lives, their personal histories in this beautiful, forested valley, and in introducing you to a valley forever changed by one large storm, and one poorly maintained dam.
