Scott Weems explains what humor is, how things become funny, and why evolution gave us laughter. That is not likely to happen with this book. Sapolsky offers a synthesis of how biology shapes human behavior—both the good and the bad—and how that explains larger societal problems.

Unfortunately, in my free-lance blogging, other websites usually ask me to

I love spending time with them this way, and we all enjoy the stories we share together through books. Now, is there any handbook that can be a guide to every single person?

Essays that Worked for College Applications. Fitzgibbons American Psychological Association, pages. You could go through life wonderfully messy, searching for stuff, enjoying the search.
