Drawing primarily on the work of Alfred North Whitehead and Charles Hartshorne, process philosophies of religion highlight the potential for novelty and creativity in the world. A disconcerting writing, incomprehensible for many, the last book of the Bible seems to be the antithesis of the Gospel of a loving God and a Messiah who is Prince of peace.

Mainarticle:TheImpactofScienceonSociety.Edwardsbelievedthatindete
The first of these two is relativism: the view that the truth of beliefs or the efficacy of practices are wholly dependent on the perspective of the religious individual and her cultural environment. It complicated lives of many innocent people and Continue Reading. Since this way of thinking about philosophy and theology sharply demarcates the disciplines, it is possible in principle that the conclusions reached by one might be contradicted by the .
